Dear Dr. Gainer:

Re: Leading Practice Submission

We are pleased to inform you that your Leading Practices submission "Outcome Validation Study" has met all required criteria. Congratulations on your achievement!

We will provide you with a certificate which we hope you will display proudly.

The successful submission will be posted on the websites of both Accreditation Canada and Agora, a Quebec organization we partner with to profile Leading Practices, at <http://www.accreditation.ca/knowledge-exchange/leading-practices/> and <http://agora.lepointensante.com/>.

Prior to posting online, Accreditation Canada may edit and will translate the Leading Practice; however, the content and concept of the submission will not be changed.

On behalf of Accreditation Canada, we thank you for your commitment to providing sustainable, creative and innovative services, and for sharing your experiences with your peers. In doing so, you are helping make health care safer and more quality focused for clients and their families.

Sincerely,

*Suzanne Larocque*
